

Interested in a career in flexing your finance skills in the exciting world of fashion retail? As a Nordstrom Finance Intern, you'll play a dual role — helping manage our budgets, run the reports and make sure everything adds up at the end of the day. Successful Finance Interns also have the opportunity to join Nordstrom's Finance Rotational Program after completing their degree.

DURING YOUR INTERNSHIP YOU'LL...

- Get a behind-the-scenes view of the retail fashion industry that you won't find in a classroom.
- Work on strategic projects with milestones, deliverables and deadlines.
- Apply fundamental concepts, general administrative principles, practices and procedures of finance and accounting.
- Provide support for the financial cycle, including variance analysis and insight reporting.
- Learn from experienced members of the finance team.

YOU OWN THIS IF YOU...

- Are a college student in your junior year working toward a Bachelor's degree in Finance or Accounting.
- We require a minimum cumulative GPA of 3.2.
- Have strong computer skills, especially in Microsoft Office.
- Are comfortable using Microsoft Excel to create reports, run queries, and create pivot tables.
- Build great relationships through stellar communication and follow-through.
- Thrive in a fast-paced environment thanks to your ace organizational skills and ability to quickly learn new processes and procedures.

WHAT'S NEXT? WE'RE GLAD YOU ASKED...

The Finance Internship runs June-August, 2019. We're accepting applications through December 31, 2018. We'll announce our hiring decisions by January 31, 2019.

Interested in an internship? To get started, visit our Student Center at careers.nordstrom.com.

Nordstrom is an equal opportunity employer committed to providing a diverse environment.
