

Are you looking for a fun and rewarding summer internship? At PetSmart, we are committed to developing future business leaders. Join our **Product Development** team this summer and thrive in a collaborative culture where being the trusted partner to parents and pets in every moment of their lives is priority number one.

What will you do?

- Experience the Product Development function of the leading pet specialty retailer firsthand as you work cross-functionally with Product Development and Buying to conceptualize and design products that address project strategies.
- Leave your “paw” print with a project designed to make a true impact on the business.
- Present your recommendations and innovative ideas to PetSmart leaders.
- Develop and grow your skills with the support of a caring manager and dedicated mentor.

What’s in it for you?

- 10-week paid summer internship!
- Connect and socialize with other PetSmart associates early in their career as part of the StartSmart associate resource group.
- Make a difference! Volunteer with your fellow interns during the annual “PetSmart Interns Give Back” day.
- Pet friendly environment, bring your pets to work!
- Enjoy our campus amenities: “Top Dog” gym fitness center, Dog park, Starbucks station, Sit&Stay Café.

What will you need?

- Junior status pursuing a Bachelor’s degree in Retail, Marketing, Engineering, Graphic Design, or other related discipline.
- Fundamental design concepts and visual presentation skills.
- Highly organized, detail-oriented, and knowledge in retail market trends.
- Excellent written and verbal communication.
- Must be able to produce work in a collaborative, team environment.
- Proficiency in MS Word, Excel, and PowerPoint is required.
- Previous retail industry experience is always a plus!

What are you waiting for? Apply today and use your passion for pets to jumpstart your career! For more information on opportunities with PetSmart, visit us at careers.petsmart.com.
